

LOPIN LAZY... Today's Sire For Tomorrow's Future!

Lopin Lazy is a 16.2 hand bay overo son of Lazy Loper. His dam, is the great World and Res. World Champion producer, R Fancy This.

Lopin Lazy's show career began in 2012 under the guidance of Wade & Carly Parks. It quickly became apparent that this stallion had a bright future ahead of him. As a three year old Lopin Lazy ("Beamer") accumulated many wins in both Western Pleasure and Hunter Under Saddle. He finished his first season under saddle by earning the #1 APHA Honor Roll spots in Green Western Pleasure & Three Year old Western Pleasure and was also APHA Reserve Honor Roll Western Pleasure Horse (all ages) in the nation. At the 2013 World Show Lopin Lazy was the APHA World Show Champion in the Breeders Trust Futurity, Res. World Champion in 3 year old Western Pleasure and NSBA Champion 3 year old Western Pleasure futurity winner. Beamer still holds the record of the lifetime leader in Green Western Pleasure.

In 2014 Lopin Lazy continued his winning ways in the Western Pleasure arena and began showing in Halter as well. At the 2014 World Show he was named APHA Reserve World Champion Aged Stallion as well as Res. World Champion Amateur Aged Stallion. At that same World Show Beamer then headed over to the Pleasure arena where he was named APHA Reserve World Champion in the Jr. Western Pleasure class! He finished his show career earning 54 halter points with 43 grands and reserves and 337 Performance points with superiors in Western Pleasure and Green Western Pleasure.

Lopin Lazy's first season to stand to the public was in 2014. When his first foal crop hit the ground it became very apparent that Beamer was also destined to be an outstanding sire as well. His first foal crop produced his first World Show winner as Lopin Like A Lady (out of Memo For Emma) was named World Show Champion Gold Yearling Longe Line Futurity and NSBA Champion earning almost \$6000 at the 2016 World Show!!! Beamer's first two foal crop are now following their father's footsteps winning futurities from coast to coast and in Canada as well.
